One Call Away”***

LANDSCAPING

We understand that your property is a big investment and we want our customers to know that we are there to help. So...sit back and relax. We'll take care of your landscaping needs to help accomplish the dreams you have for your property...

FANTASTIC WAY TO IMPROVE YOUR LANDSCAPE

Our landscape team has many years of experience in all phases of landscaping to keep your yard in tip top shape. From weekly or bi-weekly mowing, to shrub/hedge trimming and mulching, we have you covered.

Weekly Lawn Maintenance

We offer weekly or bi-weekly lawn mowing to keep your lawn looking fresh and keep weeds away. During each service, we trim and edge all sidewalks, driveways, and around obstacles. We finish off by blowing off your hard surfaces to include: driveway, sidewalks, and decks.

Mulching

Refresh your landscaping beds with weeding, edging, and a fresh layer of quality mulch. Mulch will help keep weeds from taking over your beds and will protect the roots of your plantings over the winter.

Shrub and Hedge Trimming

Our skilled and knowledgeable team can professionally trim your trees and shrubs to return them to their proper shape and maintain them throughout the growing season.

Aeration and Over Seeding

Growing and maintaining a gorgeous lawn requires lots of care. One of the best ways to rejuvenate or add to your existing lawn is by aeration and over seeding. Core aeration pulls plugs of soil from your lawn, allowing air, water, and fertilizer to get into the root system of your lawn, creating stronger and healthier turf. Paired with over seeding, aeration also creates a better surface for your new lawn, resulting in a full, lush lawn.

Storm Cleanup

Connecticut weather is so unpredictable. If a large rain or wind storm comes through, we're here to clean up any downed trees, branches, or any other damage done to your property. We offer 24/7 emergency storm cleanup services.

HARDSCAPING

Are you looking to create an oasis on your property? Viper Landscaping wants you to be peaceful and relaxed when you return home from work or your everyday routine. Our experienced staff will meet with you, discuss your likes and dislikes and put a plan together that's right for you. We build retaining walls, patios and walkways...

All projects are created to increase functionality, appearance, and even add to the value of your property. Whether you're looking to add to your existing landscape or start fresh, let us plan and execute your next outdoor project

We understand everyone has different styles, preferences, goals, and budgets. We incorporate this through every step. From the initial meeting, to providing a quote to completing the project, we keep your best interest in mind and create the best final product.

Landscape Design

We can provide you with the perfect planting design and installation catered to your specific needs. We use only the best quality shrubs, trees, and materials available.

Hardscaping

A new walkway could add an immense amount of curb appeal to your property. A new patio with a fire pit could add an additional living space to your house. Whether you need a walkway, patio, or retaining wall, we can design and build you a quality project that will stand the test of time.

Lawn Installation

There are many ways to go about rejuvenating your lawn. To enhance your existing lawn, we offer aeration, overseeding, and spot seeding. If your lawn is beyond repair, we could do a total rip out, new topsoil, and lay sod or seed. After assessing your property, we can figure out the best and most cost effective way to get you the nice lawn you dream of.

We Also Offer...

- Excavation
- Erosion control

CURBSIDE LEAF PICKUP

We offer professional curbside leaf pick up!

Curbside Leaf Vacuum Service

Viper Landscaping curbside leaf removal is accomplished efficiently by using our industrial leaf vacuum. It has an intake hose that quickly vacuums leaves into our specially equipped trucks. *All you need to do is gather the leaves and give us a call.*

WINTER SERVICES

Viper Landscaping offers snow and ice management in the greater Hartford area. We have the equipment to accommodate any residential or commercial client. We bring in snowplows and snow blowers to clear snow on your property, based on your preference. We also blow sidewalks, walkways and shovel stairs. We provide ice management using salt based on a customer's needs. Our job is to improve accessibility and safety in and around your property.

WHEN BAD WEATHER HITS, YOU DON'T HAVE TO WORRY

Snow and ice management is one of the toughest, yet most important part of what we do. We understand how important it is to keep your property safe and accessible under some of the worst weather conditions. Our crews are out during, until the end, and even after snow and ice events making sure safety is achieved. We utilize great employees, trucks, plows and snow blowers and salt machines to make this possible.

Our Clients

We offer 24/7 snow and ice management to residential properties, condominiums, apartments, commercial buildings, retail, offices, and religious centers. Let us create a custom plan to best suit your property's needs.
